Patient and Carer Support Group

Mesothelioma UK and the Greater Manchester Asbestos Victims Support Group (GMAVSG) have set up a support group for people with mesothelioma and those who care for them.

The sessions will provide an opportunity to meet others who understand what you are going through, and to learn more about mesothelioma and the help that is out there.

Some sessions will offer the chance to try complementary therapies, and to learn techniques to help you cope with the effects of mesothelioma. Sessions are free of charge, and refreshments are provided.

Future meetings:

6 February 2017. *The National Mesothelioma Research Centre—“mesothelioma is a problem to be solved”.* Professor Bill Cookson, Imperial College.

6 March 2017. *Clinical trials update—the way forward.* Dr Paul Taylor, Wythenshawe Hospital.

3 April 2017. *The Manchester Mayoral candidates invited to discuss asbestos in schools.*

8 May 2016.* *Eternit and the asbestos catastrophe in Italy.* Alessandro Pugno, AFEVA (Italian asbestos victims organisation).

5 June 2017. *Tai Chi.* Marie Leddy, Occupational Therapist.

*** Please note—this meeting take places on the second Monday of the month because of the bank holiday.**

All sessions take place at the Collier Room, Methodist Central Hall, Oldham St, Manchester M1 1JQ . For a map and directions, go to:
<http://www.methodistcentralbuildings.org.uk/contact-us/> or ring 0161 636 7555.
